

Name: _____ #: _____ Date: _____

multiplication monster!

Directions: Roll the dice twice to figure out your multiplication problem. Then, solve the problem, and use that number to help give your monster its body parts!

1. # of eyes: _____ x _____ = _____

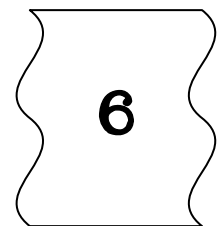

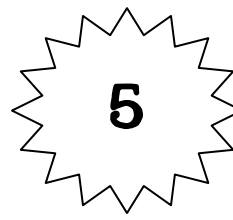

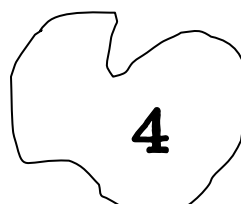

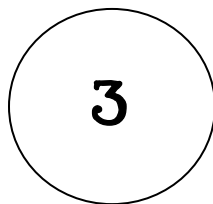

2. # of horns: _____ x _____ = _____

3. # of teeth/fangs: _____ x _____ = _____

4. # of arms: _____ x _____ = _____

5. # of legs: _____ x _____ = _____

To find out what body shape your monster will have, roll the dice once and match the number to the shapes below:

Once you've figured everything out, you may begin to create your monster on construction paper. Have fun!
