## How to play –

Print out the full set of cards on lightweight cardstock (so you can't see through them) and then laminate them to make them stronger for repeated use.

Place a selection of cards face down in front of you and take it in turns to turn over the cards either two or three at a time. Suitable for individuals or small groups.

## Four different ways to play!

- \* Use just the lower case letters and picture cards to match letter and initial sound.
- \* Use letter cards only to match upper and lower case letters.
- \* Match picture card with the upper case letter.
- \* Or make it trickier, try and match all three cards – lower case letter, upper case letter and picture cards.
