

GROWING UP

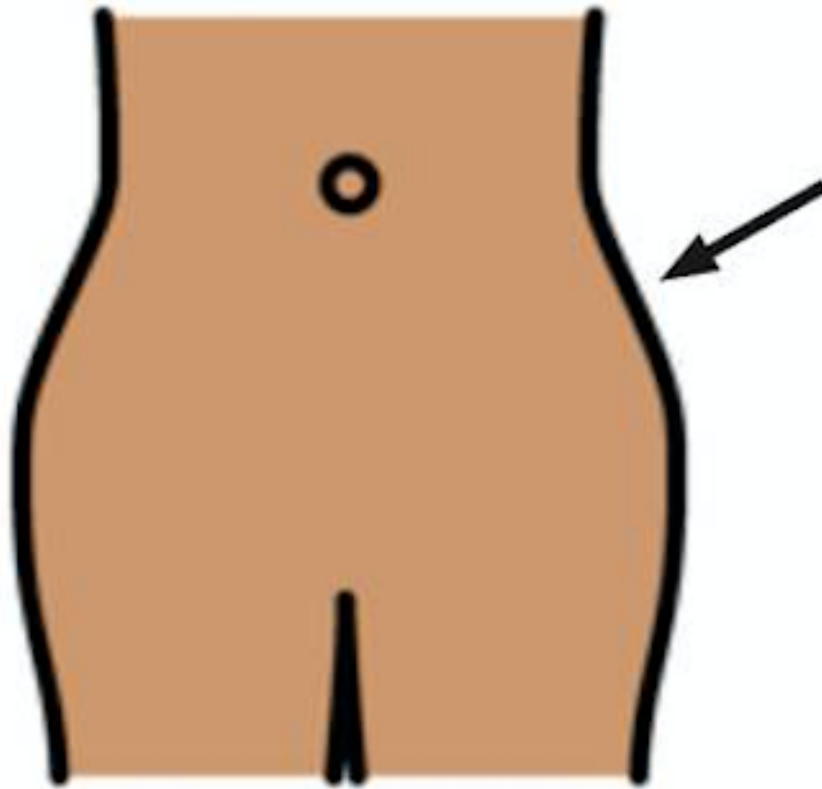

I am growing up.

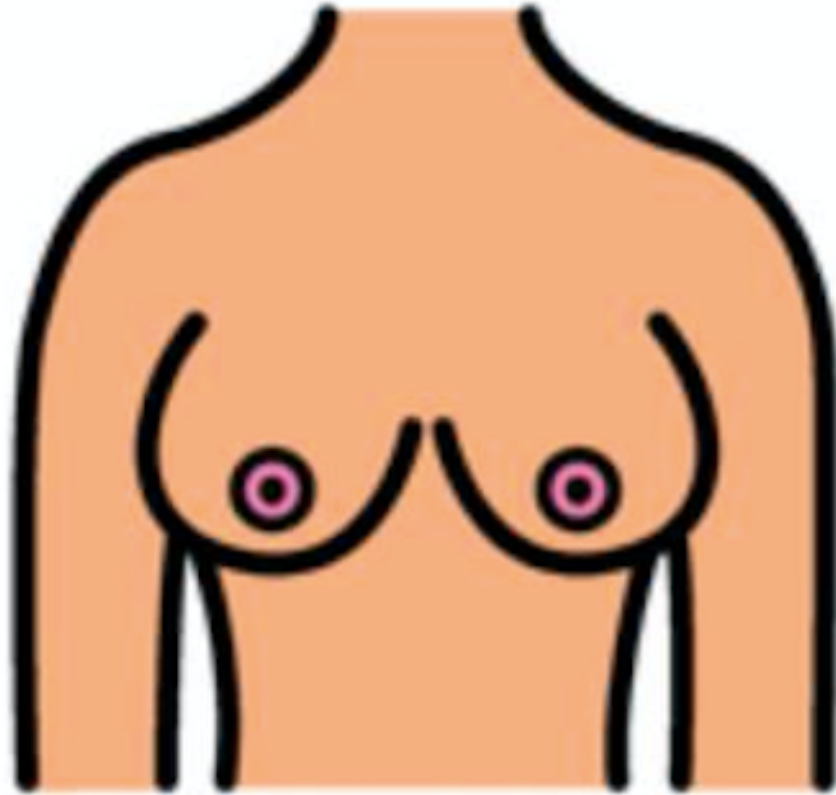

My body is changing.

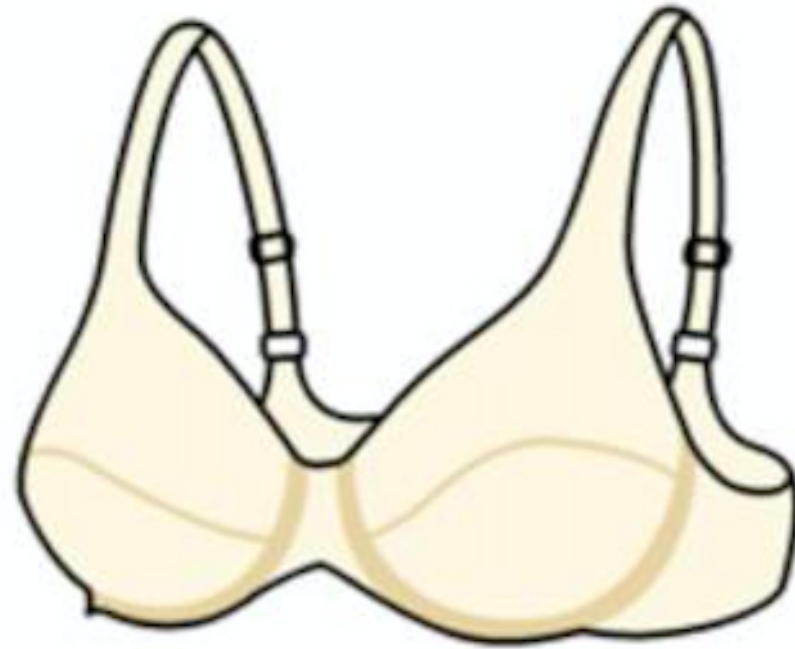

I am getting taller.

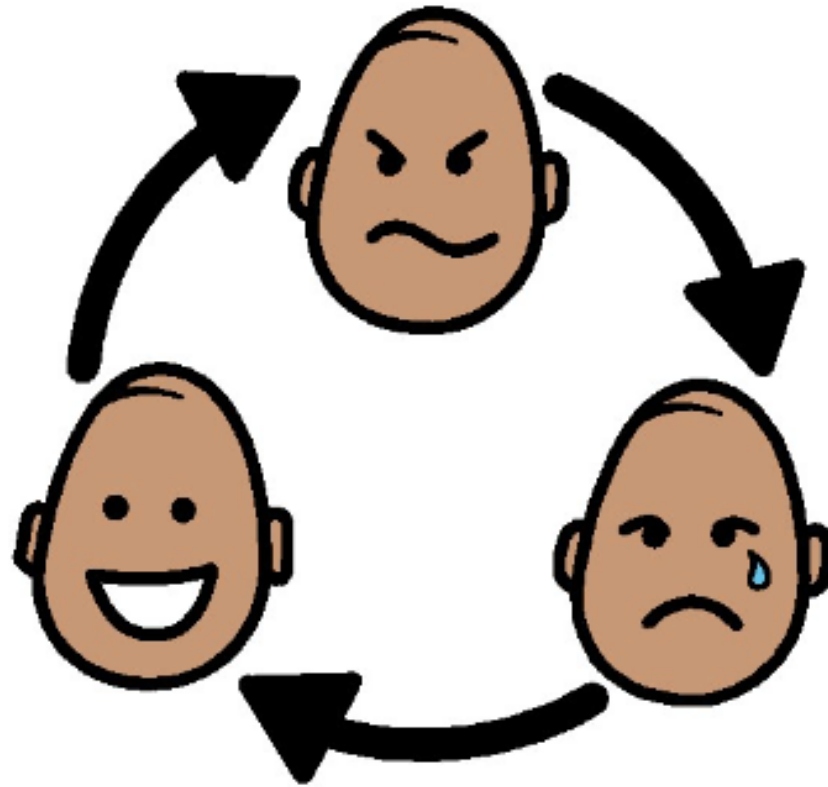

My hips will get wider.

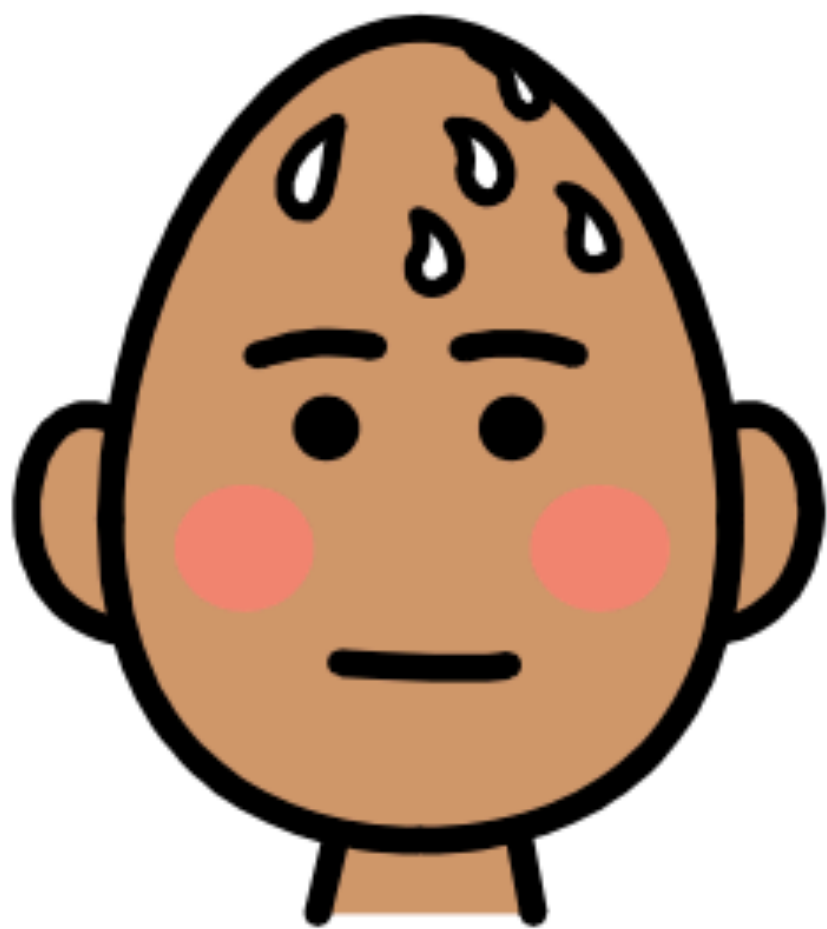

My breasts will grow larger.

I will need to start wearing a bra.

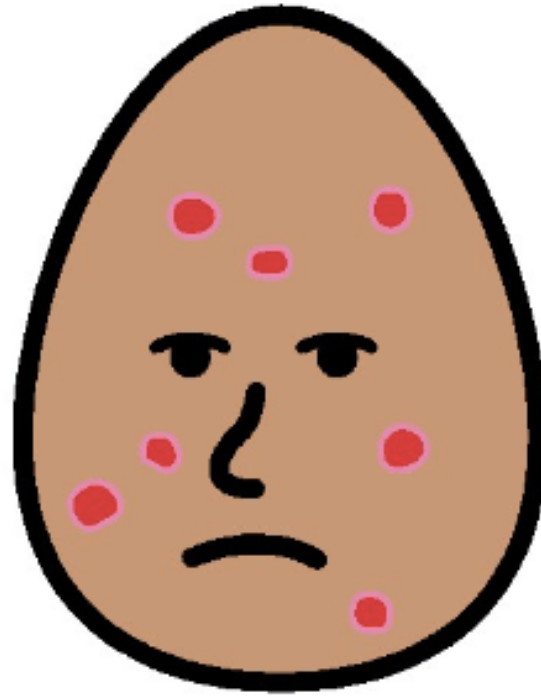

My mood might change.

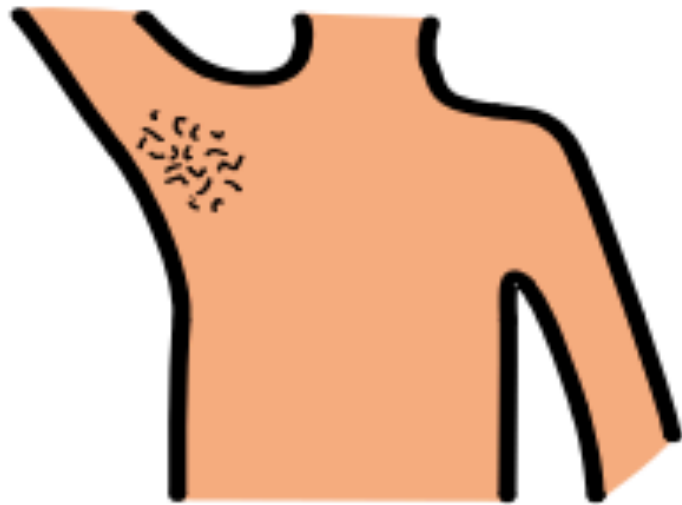

My skin might
get oily and I will sweat more.

I might need to use deodorant.

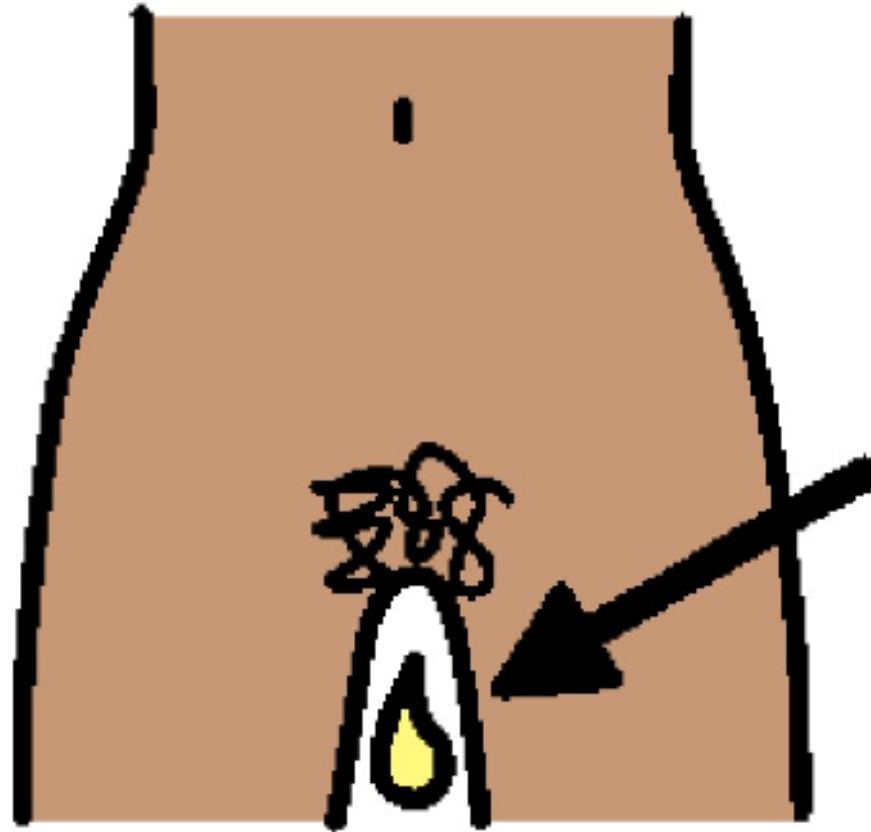

I might start to get acne and pimples on my face.

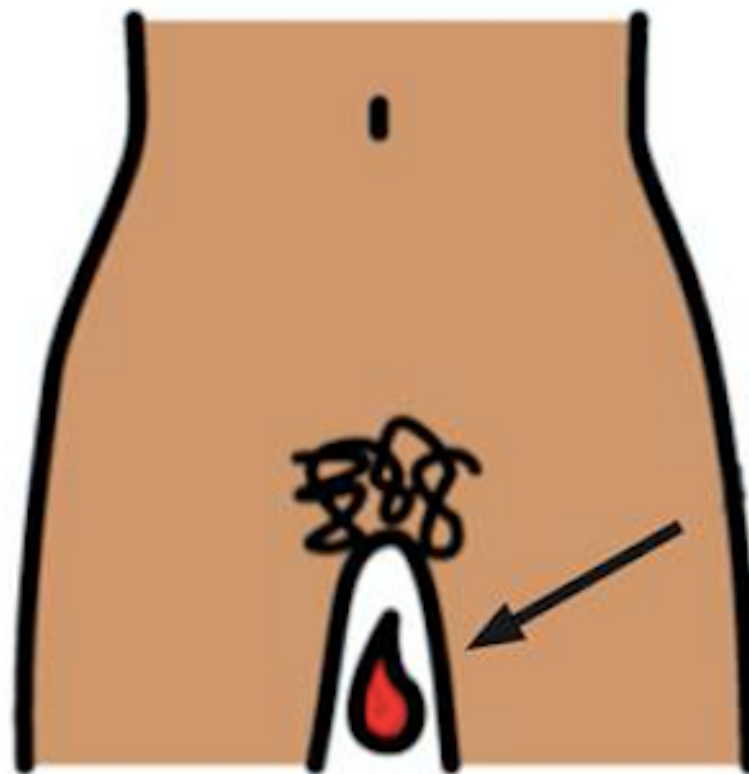

I am growing hair
in different places on my body.

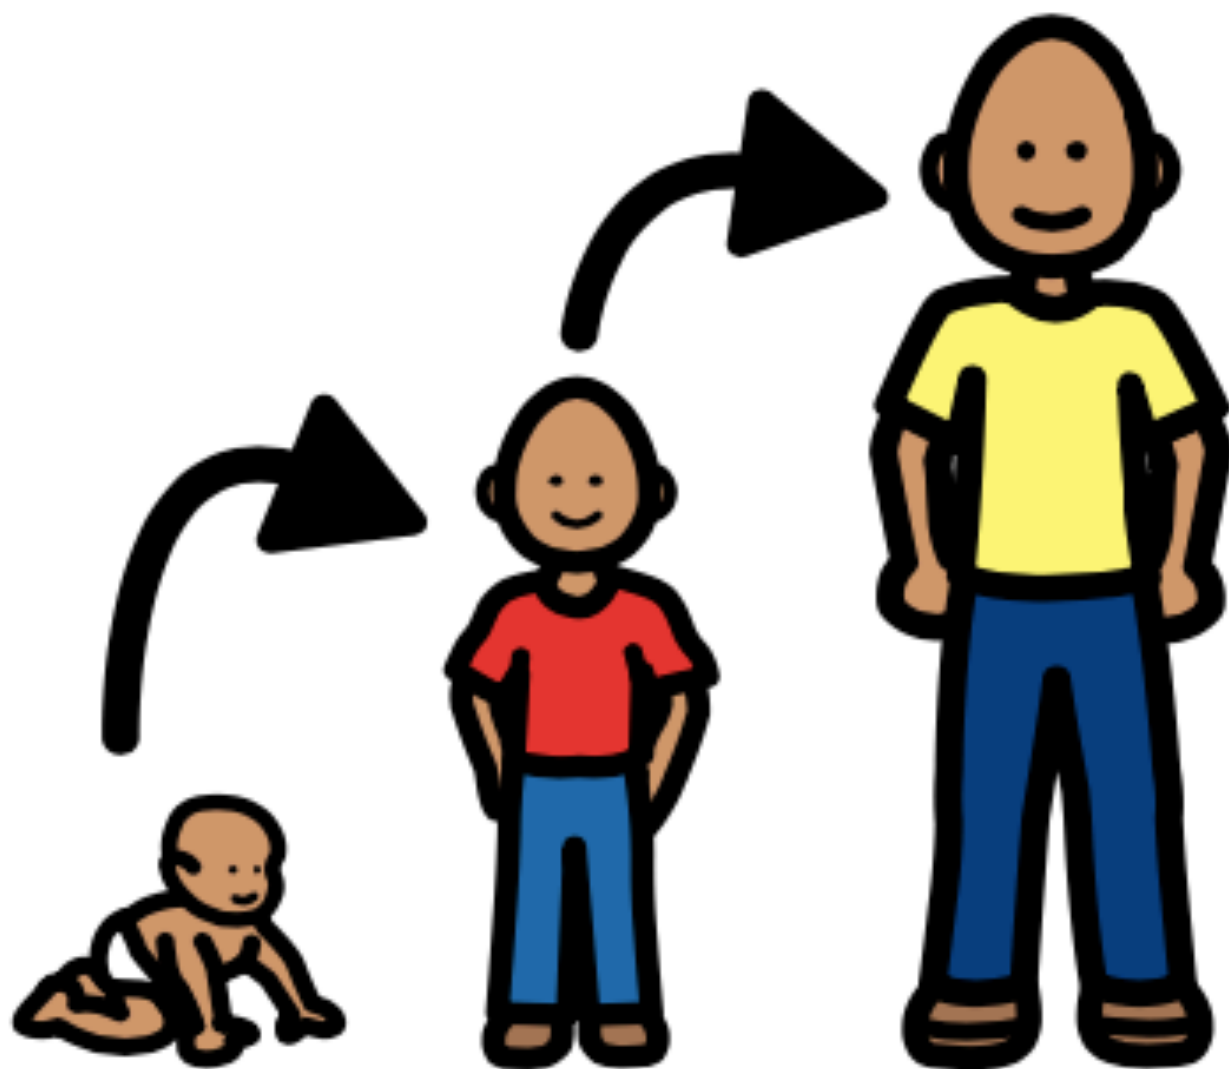

I am growing hair on my vagina.

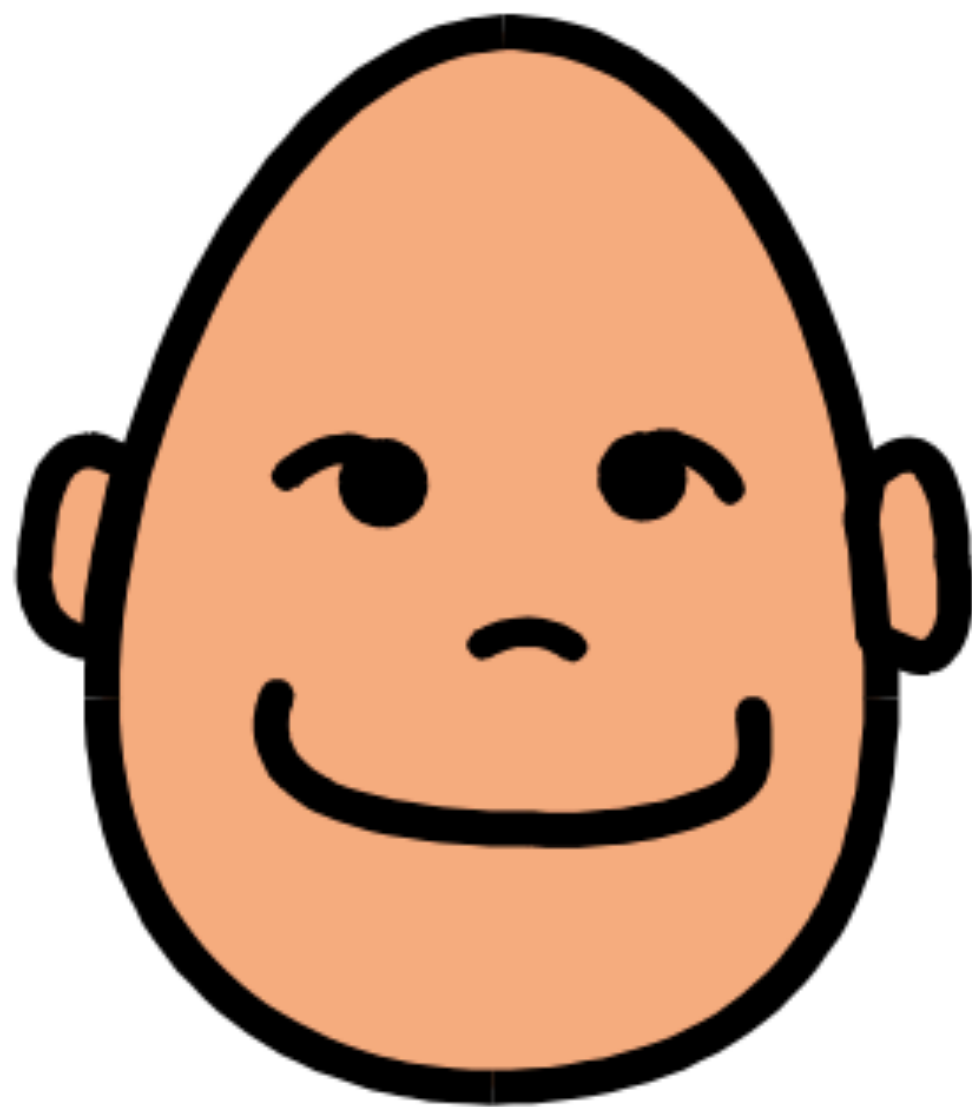

**I will have discharge coming out of my
vagina.**

I will start to get a period.

Everybody grows up.

I will be okay.
